INDEPENDENT AUDITOR'S REPORTS

FOR THE YEAR ENDED NOVEMBER 30, 2021

BRENT W. LEE & CO., LLC
Certified Public Accounting Firm

INDEPENDENT AUDITOR'S REPORT

To the Chairwoman and Members of the
Edgewater Park Sewerage Authority
County of Burlington
Edgewater Park, New Jersey 08010

I have audited the accompanying financial statements of the governmental activities, the business-type activities and the aggregate remaining fund information of the Edgewater Park Sewerage Authority, a component unit of Edgewater Park Township, in the County of Burlington, State of New Jersey, as of and for the fiscal years ended November 30, 2021 and 2020, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and in compliance with audit standards prescribed by the Local Finance Board and by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also

includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Opinions

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and the aggregate remaining fund information of the Edgewater Park Sewerage Authority as of November 30, 2021, and the respective changes in financial position and, where applicable, cash flows, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplemental Information

Accounting principles generally accepted in the United States of America require that the Management Discussion and Analysis and Budgetary Comparison Information, as listed on the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Edgewater Park Sewerage Authority's basic financial statements. The Introductory section, combining and individual non-major fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The accompanying supplemental schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standard generally accepted in the United States of America. In my

opinion the combining and individual non-major financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and accompanying supplementary schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, I do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, I have also issued a report dated July 29, 2022 on my consideration of the Edgewater Park Sewerage Authority's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Respectfully submitted,

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING
STANDARDS**

To the Chairwoman and Members of the
Edgewater Park Sewerage Authority
County of Burlington
Edgewater Park, New Jersey 08010

I have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the governmental activities, business-type activities and the aggregate remaining fund information of the Edgewater Park Sewerage Authority, County of Burlington, State of New Jersey, as of and for the fiscal year ended November 30, 2021, and related notes to the financial statements, which collectively comprise the Edgewater Park Sewerage Authority's basic financial statements, and have issued my report thereon dated July 29, 2022.

Internal Control over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Edgewater Park Sewerage Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Edgewater Park Sewerage Authority's internal control. Accordingly, I do not express an opinion on the effectiveness of the Edgewater Park Sewerage Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Edgewater Park Sewerage Authority statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* or audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REQUIRED SUPPLEMENTARY INFORMATION – PART I

Management's Discussion and Analysis

EDWATER PARK SEWERAGE AUTHORITY
(A Component Unit of the Township of Edgewater Park)

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Fiscal Years Ended November 30, 2021 and 2020
(Unaudited)

As management of the Edgewater Park Sewerage Authority, (Authority), we offer readers of the Authority's financial statements this narrative overview and analysis of the Authority for the fiscal year ended November 30, 2021.

Basic Financial Statements

Our basic financial statements are prepared using proprietary fund (enterprise fund) accounting that uses the same basis of accounting as private-sector business enterprises. The Authority operates one enterprise fund. Under this method of accounting, an economic resources measurement focus and an accrual basis of accounting is used.

The statement of net position presents information about all of the Authority's assets, deferred outflow of resources, liabilities and deferred inflow of resources. The residual of all the other elements is reported as net position. Over time, changes in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The statement of revenue, expenses and changes in net position presents information showing how the net position of the Authority changed during the current fiscal year. Changes in net position are recorded in the statement of activities when the underlying event occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement even though the resulting cash flows may be recorded in a future period.

The statement of cash flows reports cash and cash equivalent activities for the fiscal year resulting from operating activities and investing activities. The net result of these activities added to the beginning of the year cash balance total to the cash and cash equivalent balance at the end of the current fiscal year.

Notes to the Basic Financial Statements

The notes to the basic financial statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Edgewater Park Sewerage Authority
(A Component Unit of the Township of Edgewater Park)
Capital Assets (Net of Accumulated Depreciation)
For the Fiscal Years Ended November 30, 2021 and 2020
(Unaudited)

The Authority's capital assets as of November 30, 2021, totaled \$2,532,607 (net of accumulated depreciation). This investment in capital assets includes land, buildings, machinery and equipment, and infrastructure. The total decrease in the Authority's investment in capital assets for the current fiscal year was \$94,395, or a 3.59% decrease. This decrease is mainly due to current year depreciation expense exceeding the additions in capital assets.

Debt

The Authority has entered a 2004 New Jersey Environmental Infrastructure Trust and Fund Loan Agreement for the modernization of Sanitary Sewer Pump Station No. 6 in the amount of \$311,957. During fiscal year ending November 30, 2011 the Authority did not utilize the entire funding portion of the 2004 loan and the New Jersey Environmental Infrastructure Trust forgave \$3,942 of the Authority's Fund Loan Agreement. The Trust Loan portion of \$155,000 is payable over a twenty year period and bears interest rates ranging from 3.00% to 5.00%. The Fund Loan portion of \$156,957 is a no interest loan payable over a twenty-year period. The outstanding balances of the Trust Loan and Fund Loan are \$26,597 and \$17,140, respectively, as of November 30, 2021.

The Authority has also entered a 2010 New Jersey Environmental Infrastructure Trust and Fund Loan Agreement for upgrades and improvements to certain pump stations and replacement of certain sewer mains of the Authority in the amount of \$2,930,420. During fiscal years ending November 30, 2012 and 2013 the Authority did not utilize the entire funding portion of the 2010 loan and the New Jersey Environmental Infrastructure Trust forgave \$518,256 and \$36,534 respectively for a total of \$554,790 of the Fund Loan Agreement. During fiscal year ending November 30, 2013 the Authority refunded the 2010 Bonds. The Trust Loan portion of \$995,000 is payable over a fifteen year period and bears an interest rate of 5.00%. The Fund Loan portion of \$1,475,420 is a no interest loan payable over a twenty year period. The outstanding balances of the Trust Loan and Fund Loan are \$362,000 and \$156,574, respectively, as of November 30, 2021.

For the Future

The Edgewater Park Sewerage Authority is currently in satisfactory financial condition. However, a major concern is the continuation of quality service at an affordable cost to the Authority's consumers. The Authority authorized a sewer service fee increase from \$420 to \$520 for fiscal year 2022. Also, the Authority approved an increase to the connection fee rate from \$3,577 to \$5,085 for fiscal year 2022. The Authority will continue to conduct rate studies in future years in order to ensure the service charges are adequate to provide the continuation of quality service to its consumers.

In conclusion, the Edgewater Park Sewerage Authority has committed itself to providing excellent service to their consumers. The Authority plans to continue its sound fiscal management to meet the challenges of the future.

Requests for Information

This financial report is designed to provide a general overview of the Authority's finances for all those with an interest in the Authority. Questions concerning any of the information provided in this report may be directed to the Executive Director of the Authority.

NOTES TO THE FINANCIAL STATEMENTS

THE EDGEWATER PARK SEWERAGE AUTHORITY
(A Component Unit of the Township of Edgewater Park)
NOTES TO THE FINANCIAL STATEMENTS
NOVEMBER 30, 2021 AND 2020

Note 1. Summary of Significant Accounting Policies

The accompanying financial statements of the Edgewater Park Sewerage Authority have been prepared in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB).

The accompanying financial statements have been prepared on an accrual basis and in conformity with generally accepted accounting principles applicable to Enterprise Funds of State and local governments.

The accompanying financial statements present the financial position of the Authority, the results of operations of the Authority and the cash flows of the proprietary fund. The financial statements are presented as of November 30, 2021.

A. Reporting Entity

The Township of Edgewater Park incorporated in 1945 is located in western Burlington County, New Jersey along the Delaware River approximately fifteen miles from the City of Philadelphia and covers an area of approximately 2.86 square miles. The present population according to the 2020 census is 8,930.

The Township, by ordinance in 1945 created the Edgewater Park Sewerage Authority ("Authority"). The Authority is organized under the provisions P.L. 1957 Chapter 138 (the Act). The Act grants power to every municipality of the State to acquire, construct, maintain, operate or improve works for the collection, treatment, purification or disposal of sewerage or other wastes through establishment of a municipal utilities. The Authority is governed by a five-member board. Members of the Board are appointed by the Township Committee for five-year terms on a staggered basis. The members of the Board oversee the Authority's operation.

The Authority was created to construct and operate a wastewater collection system within the municipal boundaries of the Township. The Authority has also entered into a service agreement with the Township of Willingboro for the collection and treatment of a portion of sewer discharged from the Authority's system.

The Authority bills and collects for its services from all customers and is entitled to a connection fee for new hook-ups.

The Edgewater Park Sewerage Authority is a component unit of the Township of Edgewater Park as described in Governmental Accounting Standards Board Statement No. 14 due to the existence of a service agreement between the Authority and the Township. These financial statements would be either blended or discreetly present as part of the Township's financial statements if the Township reported using generally accepted accounting principles applicable to governmental entities.

Note 1. Summary of Significant Accounting Policies (continued):

B. Basis of Presentation

All activities of the Authority are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are (a) financed and operated in a manner similar to private business enterprise where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

The accounting and financial reporting treatment applied to the Authority is determined by its measurement focus. The transactions of the Authority are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operations are included on the balance sheet. Net position (i.e., total assets net of total liabilities) are segregated into invested capital assets, net of related debt; restricted for capital activity; restricted for debt service; and unrestricted components.

Impact of Recently Issued Accounting Principles

Adopted Accounting Pronouncements:

The following GASB Statements became effective for the year ended November 30, 2021:

Statement No. 84, *Fiduciary Activities*. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on 1) whether a government is controlling the assets of the fiduciary activity and 2) the beneficiaries with whom a fiduciary relationship exists. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. Management does not expect this statement to have a material impact on the Authority's financial statements.

Statement 89, *Accounting for Interest Cost Incurred Before the End of a Construction Period*. This statement will improve financial reporting by providing users of financial statements with more relevant information about capital assets and the cost of borrowing for a reporting period. The resulting information also will enhance the comparability of information about capital assets and the cost of borrowing for a reporting period for both governmental activities and business-type activities. The requirements of this statement are effective for reporting periods beginning after December 15, 2020. Management does not expect this statement to have a material impact on the Authority's financial statements.

Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2019, and later.

Recently Issued Accounting Pronouncements

The GASB has issued the following statements which will become effective in future fiscal years as shown below:

Statement No. 87, *Leases*. Statement No. 87 establishes a single approach to accounting for and reporting leases by state and local governments. The GASB based the new standard on the principle that leases are financing of the right to use an underlying asset. Statement No. 87 is effective for reporting periods beginning after June 15, 2021. Management has not yet determined the potential impact on the Authority's financial statements.

Statement 91, *Conduit Debt Obligations*. This statement will provide financial reporting by eliminating the existing option for issuers to report conduit debt obligations as their own liabilities, thereby ending significant diversity in practice. The clarified definition will resolve stakeholders' uncertainty as to whether a given financing is, in fact, a conduit debt obligation. The requirements of this statement are effective for reporting periods beginning after December 15, 2021. Management does not expect this statement to have a material impact on the Authority's financial statements.

Statement 92, *Omnibus 2020*. The objective of this Statement is to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. The requirements of this statement are effective for reporting periods beginning after June 15, 2021. Management does not expect this statement to have a material impact on the Authority's financial statements.

Statement 93, *Replacement of Interbank Offered Rates*. This Statement is to address those and other accounting and financial reporting implications that result from the replacement of an interbank offered rate (IBOR). The requirements of this statement are effective for reporting periods beginning after June 15, 2021. Management does not expect this statement to have a material impact on the Authority's financial statements.

Statement 94, *Public-Private and Public-Public Partnerships and availability payment arrangements*. The requirements of this Statement will improve financial reporting by establishing the definitions of public-private and public-public partnerships (PPP) and availability payment arrangements (APA) and providing uniform guidance on accounting and financial reporting for transactions that meet those definitions. That uniform guidance will provide more relevant and reliable information for financial statement users and create greater consistency in practice. This Statement will enhance the decision usefulness of a government's financial statements by requiring governments to report assets and liabilities related to PPPs consistently and disclose important information about PPP transactions. The required disclosures will allow users to understand the scale and important aspects of a government's PPPs and evaluate a government's future obligations and assets resulting from PPPs. The requirements of this statement are effective for reporting periods beginning after June 15, 2022. Management has not yet determined the potential impact on the Authority's financial statements.

Recently Issued Accounting Pronouncements

Statement 96, *Subscription Based Information Arrangements (SBITA)*, The statement defines what a subscription-based information technology arrangement is and explains how to account for them. This standard was published to improve financial reporting among governmental organizations by providing uniform guidance for SBITAs. The guidance will also provide transparency in financial reporting by requiring governments to report a subscription asset and liability on their statement of net position, representing the obligations incurred and related assets received from SBITAs. The requirements of this statement are effective for reporting periods beginning after June 15, 2022. Management has not yet determined the potential impact on the Authority's financial statements.

Statement 97, *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*, Requirements of this statement will result in more consistent financial reporting of defined contribution pension plans, defined contribution OPEB plans, and other employee benefit plans, while mitigating the costs associated with reporting those plans. The requirements also will enhance the relevance, consistency, and comparability of 1) the information related to Section 457 plans that meet the definition of a pension plan and the benefits provided through those plans and 2) investment information for all section 457 plans. The requirements of this statement are effective for reporting periods beginning after June 15, 2021. Management has not yet determined the potential impact on the Authority's financial statements.

C. Budgetary Data

The Edgewater Park Sewerage Authority must adopt an annual budget in accordance with *N.J.A.C.5:31-2*. *N.J.A.C.5:31-2* requires the governing body to introduce the annual authority budget at least 60 days prior to the end of the current fiscal year and to adopt not later than the beginning of the Authority's fiscal year. The governing body may amend the budget at any point during the year.

The legal level of budgetary control is established at the detail shown on the Schedule of Operating Revenues and Costs Funded by Operating Revenues Compared to Budget. All budget transfers and amendments to those accounts must be approved by resolution of the Authority as required by the Local Finance Board. Management may transfer among supplementary line items as long as the legal level line items are not affected.

D. Contributed Capital

Contributed Capital consists primarily of sewer lines and pumping stations constructed by local developers and donated to the Authority. These items are recorded at estimated fair market value. The sewer lines and pumping stations are recorded as contributed capital in the period received.

Note 1. Summary of Significant Accounting Policies (continued)

E. Property, Plant and Equipment

Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings & Improvements	30 years
Infrastructure	10-75 years
Machinery & Equipment	5-15 years

Property, Plant and Equipment owned by the Authority are recorded at cost. Repairs and maintenance are recorded as expenses.

F. Statement of Cash Flows

For purpose of the statement of cash flows, the Authority considers investments with maturities of three months or less to be cash equivalents.

G. Investment Securities

State laws authorize the Authority to invest in obligations of the U.S. Treasury and other instruments allowed under *N.J.S.40A:5-14*. Cash and Investments include bank balances and investments that at the balance sheet date were entirely insured. Investments are shown at market value.

H. Use of Estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events of the date of the financial statements. Accordingly, upon settlement, actual results may differ.

I. Escrow Funds

Escrow funds represent engineer review fee deposits held in trust from developers in order to pay engineering, legal and administrative expenses.

J. Net Position

Net Position is distributed into the following two categories:

Restricted – represents net assets that are set aside as required by the Authority’s bond resolution. Other reserved retained earnings include amounts set aside as net investment in capital assets, renewals and reserves and debt service requirements.

Unrestricted – represents cumulative earnings that are currently available and may be appropriated for any lawful purpose.

Note 2. Cash and Cash Equivalents and Investments (continued):

Investment Credit Risk – The Authority has no investment policy that limits its investment choices other than the limitation of state law as follows:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- Government money market mutual funds;
- Any obligation that a federal agency or federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor;
- Bonds or other obligations of the Authority or bonds or other obligations of the local unit or units within which the Authority is located;
- Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, approved by the Division of Investment in the Department of Treasury for investment by the Authority;
- Local Governments investment pools;
- Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281; or
- Agreements for the repurchase of fully collateralized securities with certain limitations.

Concentration of Investment Credit Risk – The Authority places no limit on the amount it may invest in any one issuer.

Note 3. Governmental Unit Deposit Protection Act (GUDPA)

The Authority has deposited cash with an approved public fund depository qualified under the provisions of the Government Unit Deposit Protection Act. In addition to savings and checking accounts the Authority invests monies in certificates of deposits from time to time.

The Governmental Unit Deposit Protection Act P.L. 1970, Chapter 236, was passed to afford protection against bankruptcy or default by a depository. C.17:9-42 provides that no governmental unit shall deposit funds in a public depository unless such funds are secured in accordance with this act. C.17:9-42 provides that every public depository having public funds on deposit shall, as security for such deposits, maintain eligible collateral having a market value at least equal to either (1) 5% of the average daily balance of collected public funds on deposit during the 6 month period ending on the next preceding valuation date (June 30 or December 31) or (2) at the election of the depository, at least equal to 5% of the average balance of collected public funds on deposit on the first, eighth, fifteenth, and twenty-second days of each month in the 6 month period ending on the next preceding valuation date (June 30 or

December 31). No public depository shall be required to maintain any eligible collateral pursuant to this act as security for any deposit or deposits of any governmental unit to the extent such deposits are insured by F.D.I.C. or any other U.S. agency which insures public depository funds.

No public depository shall at any time receive and hold on deposit for any period in excess of 15 days public funds of a governmental unit(s) which, in the aggregate, exceed 75% of the capital funds of the depository, unless such depository shall, in addition to the security required to be maintained under the paragraph above, secure such excess by eligible collateral with a market value at least equal to 100% of such excess.

In the event of a default, the Commissioner of Banking within 20 days after the default occurrence shall ascertain the amount of public funds on deposit in the defaulting depository and the amounts covered by federal deposit insurance and certify the amounts to each affected governmental unit. Within 10 days after receipt of this certification, each unit shall furnish to the Commissioner verified statements of its public deposits. The Commissioner shall ascertain the amount derived or to be derived from the liquidation of the collateral maintained by the defaulting depository and shall distribute such proceeds pro rata among the governmental units to satisfy the net deposit liabilities to such units.

If the proceeds of the sale of the collateral are insufficient to pay in full the liability to all affected governmental units, the Commissioner shall assess the deficiency against all other public depositories having public funds on deposit determined by a formula determined by law. All sums collected by the Commissioner shall be paid to the governmental units having deposits in the defaulting depository in the proportion that the net deposit liability to each such governmental unit bears to the aggregate of the net deposit liabilities to all such governmental units.

All public depositories are required to furnish information and reports dealing with public funds on deposit every six months, June 30th and December 31st, with the Commissioner of Banking. Any public depository which refuses or neglects to give any information so requested may be excluded by the Commissioner from the right to receive public funds for deposit until such time as the Commissioner shall acknowledge that such depository has furnished the information requested.

Upon review and approval of the Certification Statement that the public depository complies with statutory requirements, the Commissioner issues forms approving the bank as a municipal depository.

The Authority requests copies of these approval forms semiannually to assure that all depositories are complying with requirements.

Note 4. Pension Plan

Description of System and Vesting

All eligible authority employees participate in the contributory defined benefit public employee retirement system established by state statute. The Public Employees Retirement System (PERS) is sponsored and administered by the State of New Jersey and considered a cost-sharing multiple employer plan.

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full-time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service and 25 years for health care coverage.

At November 30, 2021 the Authority reported a liability of \$106,881 for its proportionate share of the net pension liability as measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The authority elected to record \$10,566 as current pension liability from the above amount. The authority's proportion of the net pension liability was based on a projection of the authority's long – term share of contributions to the pension plan relative to the projected contributions of all participating authorities, actuarially determined. At June 30, 2021, the authority's proportion was .0009022162% which decreased slightly by .000007% from its proportion measured as of June 30, 2020.

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the PERS and additions to/deductions from PERS fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For the years ended November 30, 2021 and 2020, the Authority recognized pension expense of \$21,776 and \$36,149 respectively. At November 30, 2021 and 2020, the Authority reported deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

Actuarial Assumptions

The total pension liability in the June 30, 2021 and 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement as follows:

	<u>2021</u>		<u>2020</u>

The actuarial assumptions used in the July 1, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

Long-Term Expected Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Discount Rate

The discount rate used to measure the total pension liability was 7.00% and 7.00% as of June 30, 2021 and 2020, respectively. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to projected benefit payments to determine the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2021 and 2020, respectively, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage-point higher than the current rate:

Description of System and Vesting

Members are eligible for retirement at age 60 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 60 with 25 or more years of credited service. Anyone who retires early and is under age 55 receives retirement benefits as calculated in the above-mentioned formula but at a reduced rate (one quarter of one percent for each month the member lacks of attaining age 55).

NOVEMBER 30, 2021 AND 2020

Note 4. Pension Plan (continued):

The State of New Jersey, Department of Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include financial statements and required supplementary information for PERS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

Contribution Requirements

The contribution policy is set by N.J.S.A.43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A.18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PERS provide for employee contributions of 7.50%, effective July 1, 2018 of employees' annual compensation as defined. Employers are required to contribute at an actuarially determined rate in PERS. The actuarially determined contribution includes funding for both cost-of-living adjustments, noncontributory death benefits and post-retirement medical premiums. The Edgewater Park Sewerage Authority's contribution to P.E.R.S. for the year ending November 30, 2021 and 2020 was \$10,566 and \$9,955 respectively.

Additional detailed information about the pension plan is available in the separately issued State of New Jersey Public Employees' Retirement System – Schedules of Employer Allocations and Schedules of Pension Amounts by Employer at <http://www.nj.gov/treasury/pensions/gasb-68-rpts.shtml>

Note 5. Other Agreements

The Authority has entered into an agreement with the Township of Willingboro Sewerage Authority, which provides for the treatment and disposal of sewerage and other waste collected in Edgewater Park by the Willingboro Sewerage Authority at various rates based upon water consumption. This agreement expires December 2, 2045.

NOTES TO THE FINANCIAL STATEMENTS
NOVEMBER 30, 2021 AND 2020

Note 9. Risk Management

The Authority is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; error and omission; employee health and accident claims, and natural disasters. The Authority has chosen to purchase insurance to transfer risk to outside parties.

Property and Liability Insurance – The Authority maintains commercial insurance for all risks of loss, including property, liability, employee health, accident insurance and public official surety bonds.

Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 10. Service Fees

The following is a five year comparison of service fee billings and the related collections:

Fiscal Year Ending November 30,	Balance December 1	Service Fees	Total	Cash Collections	Percentage

Note 11. Service Organization's SSAE 18 Requirement

The Authority utilizes NJ American Water Company, Inc. to provide consumption data of the Authority's customers' water usage. This data is used to bill the commercial customers of the Authority, as sewer charges are based on the amount of water consumed. Statement of Auditing Standards for Attestation Engagements No. 18 requires the Authority to receive an internal control report from service organizations providing such services mentioned above. The Authority has requested an internal control report from NJ American Water Company, Inc. and they have refused to accommodate the Authority's request.

Note 15. Subsequent Events

Management has reviewed and evaluated all events and transactions that occurred between November 30, 2021 and July 29, 2022, the date that the financial statements were available for issuance, for possible disclosure and recognition in the financial statements. No items have come to the attention of the Authority that would require disclosure other than below.

On April 13, 2022 the Authority approved the issuance of Sewer Revenue Bonds, Series 2022 for an amount of \$466,000 to finance upgrades and improvements to the gravity collection pump station in the Roosevelt Park Sewerage Extension. These bonds mature November 30, 2032.

The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Authority's financial condition, liquidity, and future operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Authority is not able to estimate the effects of the COVID-19 outbreak on its results operations, financial condition, or liquidity for the fiscal year 2021-2022.

EDGEWATER PARK SEWERAGE AUTHORITY

**COMMENTS AND RECOMMENDATIONS
FOR THE YEAR ENDED NOVEMBER 30, 2021**

BRENT W. LEE & CO., LLC
Certified Public Accounting Firm

To the Chairwoman and Members of the
Edgewater Park Sewerage Authority
Edgewater Park, New Jersey 08010

I have audited the financial accounts and transactions of the Edgewater Park Sewerage Authority in the County of Burlington for the year ended November 30, 2021. In accordance with requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the following are the *General Comments* and *Recommendations* for the year then ended.

GENERAL COMMENTS

Contracts and Agreements Required to be advertised by (N.J.S.A.40A:11-4)

N.J.S.A.40A:11-4 - Every contract or agreement, for the performance of any work or furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other Law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate \$17,500 except by contract or agreement.

It is pointed out that the Members of the Authority have the responsibility of determining whether the expenditures in any category will exceed the statutory minimum within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

The minutes indicate that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per *N.J.S.A.40A:11-5*.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The minutes indicate that bids were requested by public advertising for the following:

Sewer Extension and Sanitary Sewer Root Treatment and Point Repair

Contracts and Agreements Requiring Solicitation of Quotations

The examination of expenditures did not reveal any instances where individual payments, contracts or agreements in excess of \$2,625 "for the performance of any work or the furnishing or hiring of any materials or supplies", other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of (*N.J.S.A.40A:11-6.1*).

Collection of Service Revenue

It appears from an examination of the billing records that service revenue was collected in accordance with the Authority's policy.

Collection of Interest on Delinquent Service Fees

Sewer usage is billed in four cycles on a quarterly basis, with one cycle billed monthly. Bills not paid within four weeks of the billing date are considered delinquent. Delinquent accounts are charged interest of eighteen percent (18%) per annum on the total amount due.

It appears from the examination of the billing records that interest was collected in accordance with the Authority's policy.

Examination of Bills

A test check of paid bills was made and each bill, upon proper approval, was considered as a separate and individual contract unless the records disclosed it to be a part payment or estimate. The results of the examination did not disclose any discrepancies with respect to signatures, certification or supporting documentation.

Payroll Fund

The examination of the payroll account included the detailed computation of various deductions or other credits from the payroll of the Authority employees and ascertained that the accumulated withholdings were disbursed to the proper agencies.

Property, Plant and Equipment

The property, plant and equipment subsidiary ledger was maintained properly and a reconciliation between the physical and perpetual inventory records was performed at year-end.

Follow-up on Prior Years' Findings

In accordance with government auditing standards, my procedures included a review of all prior year findings. There was no previous year audit findings.

Acknowledgment

I received the complete cooperation of all officials and employees of the Authority and I greatly appreciate the courtesies extended to the members of the audit team.
